2. Till now a sum of Rs 5000 with interest has been repaid and a balance of Rs 5000 is still due by the Municipality. (This has been verified with Comptroller's final figures). The Tenkasi Municipality has a large balance in its favour and it can afford to repay the balance of Rs 5000/- at once and thus adjust it fully. But the Municipal Commissioner request that with a view to enable the Municipality to spend the amount on sanitary improvements of the town, the loan may be remitted.

FILE No. 194-11
SERIAL No. 1.

Office of the
President of the Municipalities,
Tumkur District,
Dated Tumkur, 6th December 1911.

From,

M. Shama Rao Esqr., M.A.,
President of the Municipalities,
Tumkur District.

To,

C. S. Balasundaram Iyer Esqr., Be A.,
Offg Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments,
Bangalore.

Sir,

I have the honor to state that in the year 1904-05 when the Tumkur Municipality was working with a minus balance of Rupees 1328/- as noted in the margin, a loan of Rupees 10,000/- was applied for and obtained from Government to effect certain Sanitary improvements in the town. (Vide Government Order No. Fl·5884-5/Ml 425-04 dated 7th March 1905.) The loan was repayable in 10 years with interest at 4 per cent per annum, and a sum of Rupees 5000/- towards principal with the fixed annual interest of Rupees 233/- has been repaid up to the end of last year.

Opening balance on 1st July 1904 was +Rupees 243.

Actual closing balance on the last day of January 1905 was -Rupees 1328/-

2. With the introduction of the levy of toll subsequently, (vide Government Order No.8744-5/Ml· 284-04-4 dated 24th March 1905), the financial condition of the Municipality greatly improved and the opening balances on the 1st July of the years su subsequent to the introduction of toll are noted in the margin. The estimated receipts for the current year being Rupees 17,500/-, the minimum balance to be maintained is only Rupees

Actual opening balances on,

1st July 1905 -- Rupees 12,360/-
1st July 1906 -- Rupees 7,826/-
1st July 1907 -- Rupees 8,680/-
1st July 1908 -- Rupees 9,068/-
1st July 1909 -- Rupees 13,442/-
1st July 1910 -- Rupees 20,382/-
1st July 1911 -- Rupees 21,793/-

4375/-, while, as a matter of fact, the estimated closing balance will be Rupees 11,795/- at the end of June next. This balance will be in excess of the prescribed minimum by Rupees 7420/-.(Vide figures given in the margin).

Estirated opening balance on 1st July 1911, Rupees	18,091/-
Estimated receipts for 1911-12, Rupees	17,500/-
Total	35,591/-
Estimated expenditure Rupees	23,796/-
Closing balance on the last day of June 1912, Rupees	11,795/-

The Municipal Council considering that no advantage was gained by continuing to pay the annual interest of Rupees 233/- towards the loan when they had a surplus balance of their own in the Government Treasury, carrying no interest, resolved at their meeting held on the 27th October 1911, that the entire balance of loan should be adjusted and the interest of Rupees 233/- saved to the Municipal funds. At the same time, this resolution has been qualified by the need that exists for the Council to approach Government for an entire remission of the balance of the loan, so that the money may be utilised for the pressing sanitary improvements of the town, which is infected with plague year after year, exposing the inhabitants to much inconvenience by having to live in sheds for long periods and bear the inclemencies of the weather. I am of opinion that the hardship mentioned is a real one and that the request of the Council to be allowed a grant from State Funds, as has been granted to some of the other District towns deserves sympathetic consideration at the hands of Government. I therefore take the liberty of soliciting the sanction of Government for the remission of the loan due to Government and for utilizing the amount thus generously remitted, for the improvement of the town. Copy of the Councils' resolution on the subject is herein enclosed for perusal and orders.

I have the honor to be,

Sir,

Your most obedient servant,

K. Ramachandra Rao

PRESIDENT.

X. The balance of loan of Rupees 10,000/- taken from Government in the year 1905 for the Sanitary improvements of the Town of Tumkur may be paid this year out of the closing balance at the credit of the Municipality

Resolution - As the closing balance is in excess by more than Rupees 7000/- of the prescribed minimum balance it is not advantageous to the Municipality to continue to pay the balance of Government loan of Rupees 5000/- by annual instalments of Rupees 1000/- as at present and also to continue to pay the annual interest of Rupees 233/- While the Municipality are in a position to repay at once the outstanding loan, at the same time, as a large amount of money is needed for the drainage and sanitary improvement of the town, a request be made to Government to permit the Council to utilize the outstanding amount of Rupees 5000/- as a Grant-in-aid from Government for the improvement of the town, as has been done in the case of other Municipal towns

a contribution from the State Funds will be considered when a scheme for the improvement of the town is received. In the meanwhile I am to state that the Council may be called upon to make the most of its existing resources and to proceed to make the necessary improvements in health conditions to the extent of the funds at its disposal

I am also to add that Govt. have no objection to the Municipal Council repaying to Govt. the balance of the loan due and thus saving the interest of Rs 233 per annum which is now being paid to Govt.
